Good day Parents

Welcome to the new season with the Irene Villagers Junior Cricket Club (IVJCC). As you can judge by this communication we have started early this year to ensure that we can offer the juniors a great experience.

We are all looking forward to a great 2018/19 season, building on the successes, and of course improving, by addressing the lessons learnt from the past season. We are also trying to get more female representation at the junior level structures, with the intent of entering a ladies team at a junior level. This is of course dependent on the level of interest, alternatively these young ladies may have to play in a junior boys' team.

In preparation for the upcoming season, please can we request you to indicate your son or daughter's availability for this season as soon as possible? This will enable us to gauge membership levels in the various age groups, allowing us to enter the correct number of teams per age group in the respective leagues. The current train of thought is that two teams will be entered for all age groups (i.e.) u/9, u/11, u/13 and u/15. Please can I request that you email the below details to Anitha:

Childs name	Returning to Villagers (Y/N)	Parents name, tel #; and email address	Age that your child will be as at end December 2018

Managing and scoring

As per previous seasons parents are encouraged to get involved in the management and scoring of the teams. Parents who are willing to take up the challenge will be notified of an information session, regarding these sessions, as we the junior structures are looking to standardize the way of doing things on match days (e.g.) warm-up drills etc.

If this opportunity is for you, please forward your details via email to Anitha as per the below, please state if you are interested in scoring or managing, and at which age group:

Closing

In closing I would like to thank you for entrusting your kids to Irene Villagers. Our junior club membership rose by an excess of 60% last season and, if the interest shown is anything to go by, we will be increasing again this year. This is based on the reputation and great effort from the juniors, seniors, coaches and committee, which resulted in the NCU awarding Irene Villagers the "Overall Club Incentives" award this year. We will once again have qualified coaches, as well as temporary coaches helping with certain sessions as and when required.
